A HEALTHY SOCK IN EACH FIST

RICHFIELD is fighting! Only the first round is over. The fighting heart that built Richfield from a small local marketer to one of the major oil companies in the United States is on the job.

Richfield is fighting... before the largest audience of any championship scrap. Not only are the eyes of its friends in the west upon it... but the entire petroleum industry is interested in the outcome. Two factors give Richfield confidence... it still has a healthy wallop in each hand.

In one hand, there is the Richfield organization, the merchandising and marketing unit that has been the envy of the petroleum industry. At home and in the field.. in the direct employees and through the thousands of independent dealers... there is today a loyal spirit more firmly welded together than ever before.

In the other hand, of super importance to the motoring public, there is the outstanding quality of Richfield Products. From its earliest days, Richfield has never faltered, has never wavered, in producing the finest gasoline and lubricating oils that refining ability and engineering skill could put forth.

Richfield wants your support... not alone because of its importance to western prosperity and western industry... but because you will receive from Richfield the fine, sterling character of petroleum products that has made its name famous the world over.

Are Getting Settled.

Mrs. W. J. Fowler and son left Wednesday for Los Angeles with a truck to bring up the final load of household goods. They had not expected to have to make another trip, but found they had overloaded the truck on what was to have been the last load, so had to unload part, making another trip necessary.

Mrs. S. June returned home this week from the bay district, where she has been the past month.

The Street Widening Issue.

A meeting was called here Wednesday afternoon at 1:30 o'clock to take up the issue of an 80-foot right-of-way through town and straightening of the street. The highway department was represented by Col. John H. Skeggs, division engineer of the state highway commission, Superintendent of maintenance R. F. Duffy and Head of Right-of-way Division March. They were accompanied by Senator R. R. Ingels and it was through his efforts the meeting was arranged. The present survey leaves the east side of the street as it is, except several gasoline pumps will have to be moved back a few feet, but the west side line, starting at the Boonville Hotel, takes off the hotel porch and runs through the Anderson Valley Hotel, through Ferrel's hardware store and across the porch of the Ferrel residence. At this point it runs about 30 feet back from the present street. From there south it narrows down and swings to the east side onto the J. E. Wallach ranch. The plans call for a 60-foot street with 10 feet allowed on each side for sidewalk. Light and telephone poles at present in the way would be required to be moved a foot inside the curb of the sidewalk. Col. Skeggs asked that right-of-way through town be donated, the state standing expense of moving all buildings and fences. Some consider this plan unfair as the whole town would benefit while the westside property owners would bear the expense. The following property owners, however, donated a right-of-way: J. E. Berry, J. T. Farrer, M. W. Caldwell, A. Ferrell and J. E. Wallach. There was no one to represent the Christian church or the Apple Show Association. The church will have to be moved back but only the approach to the Apple Show building will be affected. Col. Skeggs stated he thought work would be taken care of this summer. Mr. Marsh expects to return here soon to complete negotiations and we hope he will be successful.

DOG WAS KILLED

One of the pair of Boston terriers owned by Mr. and Mrs. A. L. Tracy fell a victim to a passing automobile Saturday evening. The dogs came in for more than ordinary fame when, as day old puppies, their mother died and they were adopted and nursed by a Persian cat until they were at the weaning stage. The cat later fell a prey to poison placed in the neighborhood. The unusual relationship between the animals attracted nation-wide interest and the story of the foster mother and her strange litter was broadcasted far and wide.

INDIAN YOUTH STOLE A CAR COMING HOME

Hopland Native Lad's Future Leading To The Reformatory

ESCAPED FROM SCHOOL

Sent To Yuma, Arizona, Laurence Joaquin Fled Quickly

(Special Correspondence of The Press)

HOPLAND, Feb. 10. — Lawrence Joaquin, who not long ago was sent to the Yuma, Arizona, Indian school from Hopland, did not remain long in the southern state. In fact, arriving one day, he made his escape the next and started for his Hopland home. In one way or another he managed to get to Oakland. Upon reaching Oakland he attempted to steal an automobile. The car into which he climbed and made preparation to drive away belonged to a man who had just entered a store and who was returning to the machine as Lawrence Joaquin was driving away from the curb. The Oaklander climbed into the auto and, overpowering the young Indian, called an officer.

To Appear Here.

Upon being taken to the police station a story regarding the wanderings of the young Indian was obtained from the lad and the local officers were communicated with and arrangements made to have the escape brought here where his case will be taken up by Probation Officer Will Van Dyke. It is not unlikely the offender will be sentenced to a reformatory.

Much Trespassing.

Reports from many ranchers in the Hopland neighborhood indicate trespassing is unusually offensive at this time. Premises, which have been posted, are invaded and the rights of ranchers disregarded.

When Work Starts.

Construction work on the new river route of the Redwood Highway between Cloverdale and Hopland will begin after July 1, according to Col. John H. Skeggs, division engineer of the state highway commission, who was a visitor in this city Wednesday. In the meantime the project will see much right-of-way activity. Said Col Skeggs: "Within a month or so we expect to start securing rights-of-way for the new route of the Redwood Highway between Cloverdale and Hopland along the river. As soon as these are secured and the alignment of the highway has been accomplished we shall begin grading."

To Rebuild Lines.

Large crews of telephone workers arrived in Cloverdale and are now engaged in work preliminary to the building of a new phone line from Cloverdale to Hopland. Other crews will arrive soon and take up the work, it is reported. This is the largest project the Pacific Telephone and Telegraph Company has in this part of the state. Its estimated cost is $81,000, most of which amount will go into labor and will be released hereabouts. The work will continue six or seven months, it is expected. Already the presence of the crews is having its effect in stimulating and quickening trade.

Miss Jennie Demarcantonio, of Pieta, was in Ukiah the last of the week.

Must Face Charge.

Sheriff E. L. Williams yesterday arrested Frank Ayotte, of Hopland, on drunken driving charge issued by the district attorney's office. It is reported Sheriff Williams found a jug of wine in the car of the accused man. Mr. Ayotte's truck is said to have sideswiped a Ford sedan driven by Charles Ceccarelli as the two cars were passing on the asylum bridge.

P. T. A. Card Party.

The Hopland P. T. A. will hold a Founder's Day meeting and card party at the high school Tuesday evening. Cards will be 25 cents and a 25 cent lunch will be served towards the close of the evening. The public is invited.

Better Seeds for Better Gardens

NOW is the time to plant FERRY'S SEEDS!

Now is the time to plant your garden. Now is the time to select Ferry's purebred Seeds. Seeds are the most inexpensive, but the most important feature of a successful garden. The soil and your labor represent the much greater investment in time and actual money; but the seeds you choose may mean the margin between success and failure of your efforts.

Ferry's Seeds are purebred. That means generations of seed plants are tested and checked in the Ferry-Morse special seed laboratory fields before any seed grown from a plant is placed on the market. *Because of the rigid testing, Ferry-Morse seed specialists know that Ferry's purebred Seeds will grow more successfully in your garden.*

That's why Ferry's Seeds protect your labor and your garden investment. They are fresh for planting now. All ready to grow healthful, nourishing vegetables or beautiful, colorful flowers for your home. There's a Ferry Seed Box near you, in your neighborhood store, with a complete assortment of purebred flower and vegetable seeds. . . . Ferry-Morse Seed Co., P. O. Box 2529, San Francisco, Cal.
